JAMES E. SMITH

AGRICULTURAL COMMISSIONER
SEALER OF WEIGHTS AND MEASURES

AIR POLLUTION CONTROL OFFICER
ANIMAL CONTROL OFFICER

Karen Ross, Secretary
California Department of Food and Agriculture
&
The Honorable Board of Supervisors, Siskiyou County

Supervisor Brandon Criss, District 1
Supervisor Ed Valenzuela, Chair, District 2
Supervisor Michael Kobseff, Vice Chair, District 3
Supervisor Nancy Ogren, District 4
Supervisor Ray Haupt, District 5

In accordance with the provisions of Section 2279 of the California Food and Agricultural Code, I am pleased to submit the Siskiyou County Annual Crop and Livestock Report for 2023. This report represents estimated acreage, yield, and gross value of Agriculture products in Siskiyou County.

The gross agricultural receipts for 2023 totaled \$399,899,646, a increase of \$8,107,410 from the 2022 growing season. Nursery crops continue to be the largest contributor to Siskiyou County's agriculture production, with \$200,824,360 in value.

Increased precipitation in 2023 helped agricultural production. However, irrigation water was still limited due to regulatory cutoffs/curtailments across all of Siskiyou Counties' agricultural production areas. Consequentially, fallowed acres increased or were maintained from previous years water cutoffs/curtailments and considerable acreage was rotated to less water intensive crops, dryland farmed, or fallowed.

The figures contained in this report represent gross values only, and do not reflect a net return to the producer or the cost of production, nor do they reflect any one individual operation since the entire county is the smallest unit measured for any particular commodity.

I sincerely appreciate the efforts and cooperation of all the agricultural interests which provided production information. I especially thank the department staff for compiling and producing this informative publication.

Respectfully submitted,

James E Smith

MISSION STATEMENT

We are charged with promoting and protecting the agricultural industry of Siskiyou County.

We ensure that the consumer has confidence that they receive accurate weight and measure in the market place.

We protect the environment and the citizens of the county through our environmental and natural resource protection, consumer and industry protection, and animal control programs. Siskiyou County has a rich farming and ranching heritage with many fourth and fifth generation operators. Livestock and field crops are the most common agricultural type of production in the county. Strawberry nursery production has recently become one of the county's most valuable crops with plants exported to many countries worldwide.

We are committed to serving and protecting Siskiyou County's agricultural industry as well as the County's unique and diverse landscape.

About Siskiyou County

Fifth largest California county by area.

20223 population was 42,905.

Northern California adjacent to the Oregon border

Cities and towns: Yreka--the County Seat, Mt. Shasta, Weed, Dunsmuir, McCloud, Dorris, and Tulelake.

Ecologically diverse region with spectacular natural beauty and scenery.

At the "meeting" of several western mountain ranges with the transitional mixing of various habitat types.

Considerable variance in elevation, hydrological and soil conditions.

Three distinct Valleys, Butte, Scott, and Shasta.

> 60% of Siskiyou County is managed by Federal and State agencies and include National Forests, Monuments, Parks, Wilderness Areas, National Grasslands, National Wildlife Refuges, and State Wildlife Areas., U.S. Forest Service, Bureau of Land Management, U.S. Fish and Wildlife Service, Bureau of Reclamation, and

Russian Knapweed <i>Rhaponticum repens</i>	Gall Midge <i>Jaapiella ivannikovi</i> Gall Wasp <i>Aulacidae acroptilonica</i>	Released (4 sites) minimal survival Released (6 sites) minimal survival
Leafy Spurge <i>Euphorbia esula</i>	Flea Beetles <i>Aphthona lacertosa</i> Longhorned Beetles <i>Oberea erythrocephala</i>	Maintained with survival at 1 site Established with survival at 1 site
Musk Thistle <i>Carduus nutans</i>	Seed Head Weevil <i>Rhinocyllus conicus</i>	Established
Canada Thistle <i>(Cirsium arvense)</i>	Stem-mining Weevil <i>Ceutorhynchus litura</i>	Survival low establishment 1 site
St. Johnswort/Klamathweed <i>Hypericum perforatum</i>	Inchworm/Caterpillar-Moth <i>Aplocera plagiata</i> Klamath Weed Beetle <i>Chrysolina Quadrigemina and</i> <i>Chrysolina hyperici</i>	Released (2 sites) survival undetermined Wide Spread/Established
Scotch broom <i>Cytisus scoparius</i>	Stem Moth <i>Leucophaea spartifoliella</i> Pod Weevil <i>Expion fuscirostre</i> Scotch Broom Gall Mite <i>Aceria genistae</i> Seed Beetle <i>Bruchidius villosus</i>	Low establishment countywide Moderate establishment countywide Moderate, accidental introduction Moderate, accidental introduction
Dalmatian Toadflax <i>Linaria dalmatica</i>	Stem Weevil <i>Mecinus janthiniiformis</i>	Moderate, accidental introduction
PEST ERADICATION	AGENT/MECHANISM	PROGRAM SIZE
Noxious Weeds	Herbicides/Mechanical	1,300 sites, 23 weed species treated
Roadside Control	Herbicides	1,593 acres treated, 1,610 miles
PEST DETECTION	NUMBER OF TRAPS	PROGRAM SIZE
Gypsy Moth	330	Countywide
Japanese Beetle	5	Urban areas
European Pine Shoot Moth	5	Countywide
Light Brown Apple Moth	17	Butte Valley Nursery Production Areas
PEST EXCLUSION		
Nursery stock and seed*	127 shipments inspected/profiled	
Phytosanitary Certificates	431 Issued	
Nursery Stock Field Inspection	3,612 acres inspected	

Weights & Measures

Primary Functions:

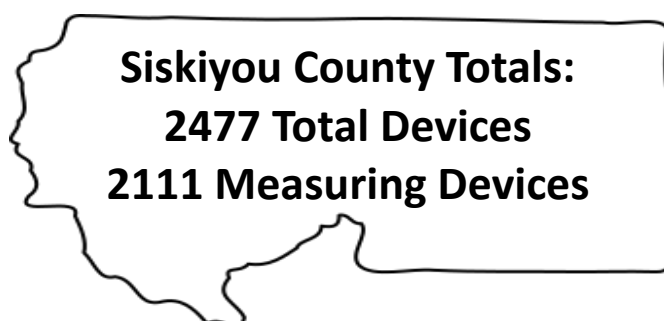

To ensure fair competition for industry and accurate value comparison for consumers

To ensure the accuracy of commercial weighing and measuring devices

Verifying the quantity of both bulk and packaged commodities

Enforcing the quality, advertising and labeling standards for consumer products

Siskiyou County's Deputy Sealer of Weights and Measures tests a large variety of devices: from small capacity scales used at your local farmers markets to vehicle scales for semi-trucks. Any device that weighs or measures must meet use, accuracy, and precision requirements, before they can be placed into commercial use. If the device passes inspection, our Deputy Sealer places a visible paper county seal on the device. When you see this sticker on your local grocery store scale or gas pump, you can be assured you are being sold an honest weight or measure.
