RE: Letter of Support for Siskiyou County Health and Human Services Agency (HHS) Bond BHCIP Round 2:
Unmet Needs Application

Dear Review Committee,

The Behavioral Health Board is pleased to express our support for Siskiyou County Health and Human Services Agency's application for Round 2 of Unmet Needs Behavioral Health Continuum Infrastructure Program (BHCIP) funding to develop a new mental health and substance use disorder outpatient clinic.

The current Behavioral Health building is no longer adequate to meet the needs of the community. The rural nature of Siskiyou County creates barriers for clients in accessing the full range of services required to support the whole person. BHCIP funding would allow the County to develop a modern facility that expands both the number and quality of services available. By locating multiple units of Health and Human Services in one location, the County would be able to provide multi-disciplinary care teams and more effectively coordinate services.

The proposed clinic would also create dedicated spaces for evidence-based treatments such as Parent-Child Interaction Therapy (PCIT) and High-Fidelity Wraparound (HFW), along with other practices required under the Behavioral Health Services Act. Co-locating programs would streamline access and provide clients with integrated treatment and supportive services in one centralized setting.

The current facilities and treatment options do not fully address the behavioral health and substance use disorder needs of Siskiyou County. We strongly support this project and encourage the allocation of BHCIP funding to ensure this vital investment becomes a reality.

Thank you for your consideration.

Kind Regards,

Justin Hadaller, PA-C
Vice Chairperson

To: Kristina Hargrove
Behavioral Health Board
Siskiyou County

I'd like to extend to you my application for board member. I was lucky enough to be invited to a meeting and enjoyed it thoroughly. Being a part of organizations such as these I feel is a privilege and would be honored to do my part.

I get my inspiration from the challenges I endured throughout my upbringing, such as a mother with mental health struggles as well as alcoholism, and a sister who luckily won her battle against drug addiction and recovery.

I think the most important thing our community could do to support the recovery of people with mental health conditions and advance social justice would be to get educated on the topic.

I believe community members should get involved any way they can, at the least simply get to know more and spread awareness. If there was more awareness, I believe those who need help the most would be less afraid to get it or be assisted by those who know how.

I appreciate your time and consideration, I look forward to being a part of this great cause and helping any way that I can.

Respectfully,
Officer James Elliott, YPD
