Project Title: College of the Siskiyous Facility Master Plan Update

Project Applicant: Siskiyou Joint Community College District

Project Location: The project is located on the College of the Siskiyous Campus in the City of Weed, primarily in Section 11, Township 41 North, Range 5 West, of the U.S. Geological Survey Weed quadrangle. The majority of improvements would be completed on the south side of College Avenue. The proposed solar field would be constructed on the north side of College Avenue.

Project Description: The proposed College of the Siskiyous Facility Master Plan Update is intended to guide development to achieve the academic and program goals of College of the Siskiyous through approximately year 2030. The FMP identifies proposed renovations and new construction on the Weed Campus property that are anticipated to be completed as funding becomes available. Proposed improvements include demolishing obsolete structures; constructing additional student housing, tactical and emergency services training facilities, athletic program facilities, and academic buildings; renovating/expanding existing buildings; and constructing a solar field. In order to accommodate the proposed improvements, COS is applying for a Timber Harvesting Plan (THP) and Timberland Conversion Permit (TCP) for the ±113-acre project site.

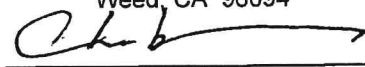

This is to advise that the Siskiyou Joint Community College District Governing Board of Trustees (Lead Agency) approved the above-described project on **February 23, 2021**, and made the following determinations:

1. The project **will not** have a significant effect of the environment.
2. A **Negative Declaration** was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures **were** made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan **was** adopted for this project.
5. A Statement of Overriding Considerations **was not** adopted for this project.
6. Findings **were** made pursuant to the provisions of CEQA.

This is to certify that the Mitigated Negative Declaration and record of project approval are available to the General Public at:

College of the Siskiyous
Office of the Superintendent/President
800 College Ave.
Weed, CA 96094

Revised 2011

**SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT
RESOLUTION NO. 2024-2025-07**

**ADOPTING A SECOND ADDENDUM TO THE PREVIOUSLY ADOPTED MITIGATED
NEGATIVE DECLARATION FOR THE COLLEGE OF THE SISKIYOU FACILITY MASTER
PLAN UPDATE**

WHEREAS, in accordance with California Public Resources Code Division 13 (California Environmental Quality Act [CEQA]), and California Code of Regulations Title 14, Division 6, Chapter 3 (CEQA Guidelines), the Board of Trustees of the Siskiyou Joint Community College District (Board) prepared an Initial Study (IS) and adopted a Mitigated Negative Declaration (MND) for the College of the Siskiyous Facility Master Plan Update (Project) (State Clearinghouse No. SCH 2021010086) on February 23, 2021; and

WHEREAS, following adoption of the MND, Siskiyou Joint Community College District staff re-evaluated the project and determined that, rather than demolishing McCloud Hall and the classroom wing of the Theater Building and expanding the Theater Building, structural improvements and upgrades to both McCloud Hall and the Theater Arts Building were the most cost- and time-effective solution, and revisions to the project were required. An Addendum to the previously adopted MND (Addendum No. 1) was prepared in accordance with §15164 (b) of the CEQA Guidelines; and

WHEREAS, following adoption of Addendum No. 1, Siskiyou Joint Community College District staff re-evaluated the project and determined that revisions to the proposed location for the Student Housing Building were necessary. It was decided the building could be constructed on the existing paved parking lot north of the original location. A second Addendum (Addendum No. 2) to the previously adopted MND was prepared in accordance with §15164 (b) of the CEQA Guidelines; and

NOW, THEREFORE, BE IT RESOLVED, that the Board hereby finds and determines that:

1. The foregoing recitals are true and correct:
2. None of the conditions described in §15164 of the CEQA Guidelines apply to the project as amended, and the proposed project revisions necessitate only minor technical changes or additions to the previously adopted MND;
3. No new significant environmental effects, or a substantial increase in the severity of previously identified significant effects, would occur as a result of the project revisions, and no additional mitigation measures are required. The monitoring and reporting of mitigation measures for the project will be conducted in accordance with the previously adopted Mitigation Monitoring and Reporting Program (MMRP);
4. Based on the whole record (including the Initial Study, MND, Addendums to the MND, and all supporting documentation), and the mitigation measures incorporated

into the project, the Board has determined that there is no substantial evidence that the project, as amended, will have a significant effect on the environment;

5. Addendum No. 2 to the previously adopted MND, with its supporting documentation, reflects the independent judgement and analysis of the Board, which is the lead agency for the project.
2. The Board hereby adopts Addendum No. 2 to the previously adopted MND for the project, pursuant to §15074 of the CEQA Guidelines, finding that the project will not have a significant adverse effect on the environment that could not be mitigated.

The location and custodian of the documents and all other materials that constitute the record of proceedings upon which the Board based its decision to adopt a second Addendum to the previously adopted MND is:

College of the Siskiyous
Office of the Superintendent/President
800 College Avenue
Weed, CA 96094

PASSED AND ADOPTED by the Board of Trustees of Siskiyou Joint Community College District at a regular meeting held January 21, 2025, by the following vote:
