REASONS PROJECT IS EXEMPT

Public Resources Code, Division 13, Chapter 6, Article 19, Section 15304 allows minor alteration of vegetation including fuel management activities to reduce the volume of flammable vegetation, provided the activities do not result in the taking of endangered, rare, or threatened plant/animal species, or cause significant erosion and sedimentation of surface waters. Minimal ground disturbance is expected from this amended project. A current CNDDB and USFWS search was conducted. The project as proposed will not have a negative impact upon any listed species of plant or animal with potential to be found within the project area. A current Archaeological records check was obtained. However, this project amendment will not conduct ground-disturbing activities. This project as proposed is not expected to result in a significant impact on the environment. Documentation of the environmental review is kept on file at Shasta Valley RCD, 215 Executive Court, Suite A, Yreka, CA 96097 – Attention Dan Blessing.
