

## **County of Siskiyou to Assume Operations of Oberlin Road and Black Butte Transfer Stations**

**SISKIYOU COUNTY, CA** – The County of Siskiyou ('The County') is pleased to announce that it will be taking over the operations of the Oberlin Road and Black Butte Transfer Stations, effective July 5, 2023. This transition marks an important step forward in ensuring efficient waste management in our county.

Both transfer stations will be temporarily closed from July 1-4, 2023 to aid in the transition and will reopen with regular business hours on July 5, 2023.

The decision to assume operations of these transfer stations comes as part of The County's ongoing commitment to improving waste management services and streamlining operations. By taking direct control of these facilities, the county aims to enhance service quality and increase convenience for residents.

The Oberlin Road and Black Butte Transfer Stations have long been crucial hubs for waste disposal and recycling services in the area. With this transition, The County intends to optimize these facilities' operations, ensuring smoother waste disposal processes.

Under The County's management, both transfer stations will continue to accept a wide range of waste materials. The County is committed to maintaining regular operating hours to ensure accessibility for all residents.

Siskiyou County would like to extend its gratitude to the previous operators of the Oberlin Road and Black Butte Transfer Stations for their efforts in serving the community. The county will work closely with them to ensure a seamless transition for all involved.

Residents and businesses in the area can expect a smooth transition as The County assumes control of these transfer stations. The County's experienced waste management team is dedicated to providing high-quality services.
