RE: Letter of Support for Siskiyou County Health and Human Services Agency (HHSA) Round 2 Unmet Needs BHCIP Application

Dear DHCS and Advocates for Human Potential (AHP) staff,

The Siskiyou County Advisory Board, NorCal Continuum of Care, is pleased to express its support for Siskiyou County Health and Human Services Agency's application for the Round 2 Unmet Needs Behavioral Health Continuum Infrastructure Program (BHCIP) funding to develop a new mental health and substance use disorder outpatient clinic.

Due to recent expansions in services and programs, the current Siskiyou County Behavioral Health leased building is no longer suitable. The rural nature of our local communities creates difficulties for clients to connect with the myriad of services necessary to support the whole person. BHCIP funds will allow the County to develop a new facility, expanding the number and quality of services HHSA is able to provide. It will do this by locating various branches of HHSA in one setting so the County can administer multi-disciplinary teams and more effectively coordinate care for clients. Additionally, the new site would provide specialized spaces for delivering new evidenced-based treatments such as Parent-Child Interaction Therapy (PCIT), High Fidelity Wraparound (HFW), and others required by the Behavioral Health Services Act. Co-locating programs would create streamlined and centralized access to integrated treatment and supportive services.

The current facility and treatment options do not fully meet the needs in Siskiyou County. As a consortium of organizations that frequently refer individuals who are unhoused or at risk of becoming unhoused to Behavioral Health services, we wholeheartedly support this project and encourage the allocation of BHCIP funding to make this important investment a reality.

Thank you for your consideration.

Kind Regards,

Nancy Ogren, Chair
Siskiyou County Advisory Board
